1. COM files contain no traces on the name Martin SCHREIEDER which was mentioned in reference. However, it appears possible that Josef SCHREIEDER born 15 August 1904, former ZIPPER employee, who is now the Bavarian LKA's CE expert is the individual referred to, despite the difference of first names. According to FULL 9128, 30 Oct 54, Josef SCHREIEDER, with executive assistance from the Security Group, is handling the Hans SCHREIER case, and is in direct touch with UNLO Jack Lenz.

2. We are attaching hereto a copy of the UJ DWIEDER sheets on ZIPPER's SCHREIEDER. This compilation of information summarizes what is known about Subject, although it is dated 13 August 53; COM files do not reflect the receipt of subsequent information on him. It is suggested that you check with PCB if further information is desired.
